

Attachment N

Acronyms

ACRONYMS

ACM	Asbestos Containing Material
ACOTR	Alternate Contracting Officer's Technical Representative
AIHA	American Industrial Hygiene Association
AKA	Also Known As
ANSI/NCSL	Application of American National Standards Institute/ National Conference of Standards Laboratories
CE	Cell
CFR	Code of Federal Regulations
CO	Contracting Officer
COTR	Contracting Officer's Technical Representative
CAD	Contract Award Date
CWA	Clean Working Area
DOT	Department of Transportation
EMO	Environmental Management Office
FIFRA	Federal Insecticide, Fungicide and Rodenticide Act
FMD	Financial Management Division
FY	Fiscal Year
GAO	Government Accounting Office
GPO	Government Printing Office
GRC	Glenn Research Center
HEPA	High Efficiency Particulate Air
HVAC	Heating, Ventilation and Air Conditioning
IAQ	Indoor Air Quality
IDIQ	Indefinite Delivery, Indefinite Quantity
IPGP	Installation-Provided Government Property
IPT	Integrated Product Team
ISO	International Organization for Standardization
LF	Linear Foot
LTID	Logistics and Technical Information Division
MADR	Maximum Allowable Defect Rate
MSDS	Material Safety Data Sheet
NA	Not Applicable
NASA	National Aeronautics and Space Administration
NIST	National Institute for Standards and Technology
NMI	NASA Management Instruction
NPG	NASA Procedures and Guidelines
NTC	No Time Constraints
OIG	Office of Inspector General
OPIM	Other Potentially Infectious Materials
OSHA	Occupational Safety and Health Act
PACM	Presumed Asbestos Containing Material
QAP	Quality Assurance Plan

QC	Quality Control
PIN	Personal Information Number
PRA	Permanent Resident Alien
PRS	Performance Requirements Summary
SEB	Source Evaluation Board
SF	Square Foot (aka Sq. Ft.)
SY	Square Yard (aka Sq. Yd.)
SOW	Statement of Work
TR	Technical Representative
UA	Unavailable
USC	United States Code
VAT	Vinyl Asbestos Tile
VOCs	Volatile Organic Compounds
WH	Warehouse

NOTE: Building acronyms are not listed on this page. See Attachment S, Table Number 6 for a listing of all cleanable buildings and their acronym.
